

LUXE AND JIUN HO ISSUE DESIGN CHALLENGE

OCT 5, 2016

For the Cambria Designer Objects showcase, **LUXE INTERIORS + DESIGN** magazine, quartz producer **CAMBRIA** and design studio **JUN HO** challenged five designers to create quartz furniture, accessories and decor. The designers, **Benjamin Cruz**, **Bennett Leifer**, **Lisa Kanning**, **Jiun Ho** and design firm **D'AQUINO MONACO**, developed tabletop and freestanding pieces, which were produced by Cambria in its Minnesota facility.

“We are extremely impressed with the vision demonstrated by this elite group of designers,” says **Summer Kath**, senior vice president of business development at Cambria. “Their designs are simply beautiful, and serve as inspiration for infinite design possibilities with Cambria. As the industry leader in quartz, we encourage experimentation and creativity beyond traditional countertop surfaces. These pieces demonstrate the beauty of natural stone, the inspiring artistry of our design palette, the ingenuity in Cambria’s fabrication technology and the skilled craftsmanship of our employees.”

“I have long respected the innovation and quality consistently accomplished by Cambria and *Luxe Interiors + Design*, and this unique collaboration showcases those values,” says Ho.

The pieces will travel across North America, appearing in **CAMBRIA GALLERIES** in San Francisco, Toronto, Minneapolis, and Palm Desert, California.
